On behalf of the entire **ROSEWOOD** family, we would like to welcome you! It is our sincere hope that the services and programs offered by **ROSEWOOD** will meet your needs and exceed your expectations. You will find that the staff of **ROSEWOOD** will work very hard to provide an environment that is warm and caring for you. We look forward to serving you!

ABOUT ROSEWOOD

ROSEWOOD on Broadway is a long term care facility that has served the needs of the Fargo-Moorhead area since 1938. We are licensed by the North Dakota State Department of Health and certified by Medicare and Medicaid to provide long term care.

ROSEWOOD is sponsored by Sisters of Mary of the Presentation. We are people of Catholic health care, a ministry of the church continuing Jesus' mission of love and healing today. Our ministry is an enduring sign of health care rooted in our belief that every person is a treasure, every life a sacred gift, every human being a unity of body, mind and spirit.

ROSEWOOD and SMP Health System do not exclude, deny benefits to or otherwise discriminate against any person on the basis of race, color, religion, sex, national origin, disability, age or veteran status in admission, treatment or participation in its programs, services and activities or in employment.

This statement is in accordance with the provisions of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation act of 1973, the Age Discrimination Act of 1975 and Regulations of the U.S. Department of Health and Human Services. For further information regarding this policy or to file a complaint alleging violations of this policy, please contact Aaron Alton, President SMP Health System, 701-235-5750.

MISSION

Rosewood on Broadway, inspired by the Sisters of Mary of the Presentation, serves those in our care with respect and compassion as we strive to fulfill the healing mission of Jesus.

VALUES

Relationships are purposely developed and nurtured among residents, families, staff, and community. Consistent relationships between residents and staff build trust and enhance continuity of care.

Environment is homelike, offering Christ-like hospitality to enhance socialization, independence, and dignity.

Stewardship is using responsibly all of our God-given gifts.

People-directed Care honors residents' choices, encourages them to maintain control of their lives and preserves their human dignity.

Ethical Care is guided by the Ethical & Religious Directives for Catholic Healthcare Services in all our decision-making. We act on behalf of justice for all, especially for the poor and the most vulnerable in society.

Compassion calls us to love and respect those in our care as Jesus would, recognizing the individuality of each person and responding to their physical, emotional, spiritual and social needs.

Teamwork commits us to the common good by serving with Spirit-filled joy and integrity. All team members are individually responsible for promoting an atmosphere of service and open communication among residents, family and staff.

The staff is available to provide information and services to you and your family members on a wide variety of financial matters.

They are equipped with limited postal service and can assist you with some banking functions.

If you choose, you may open a **Trust Fund Account** at the reception desk to safely keep your personal funds. You can take money from that fund or check or balance at any time the reception desk is open. You will receive a statement four times a year which shows your balance and the deposits and withdrawals you have made.

You are strongly urged to protect your money by taking advantage of using a **Trust Fund Account**.

The funds you deposit in the **Trust Fund Account** are insured, for the full amount of your deposit.

Arrangements and questions are handled by the business office staff or you may contact your case manager.

Room Charges

Charges for your room are made in advance and are payable monthly. If you leave, you will receive a refund of any unused portion of any advance payment. If you are covered by Medicare A while at **ROSEWOOD**, you will not be billed in advance while receiving this coverage. If you receive Medicare A coverage during your stay at **ROSEWOOD**, it will cover your daily room charge, medications, lab and X-ray services. If you have questions about specific Medicare coverage, please contact the business office. Electronic payments can be set up and are completed the first week of each month. If interested, contact the business office to complete an Authorization Agreement for Direct Payments.

Your daily room charge covers the cost of nursing service, room and meals, laundry, housekeeping, supportive services and general supplies. Extra charges can include the following:

- **PRESCRIPTION MEDICATIONS** (Non-over the counter)--All residents are responsible for their drug costs. Residents will be billed by the pharmacy providing their medication. All co-pays and deductibles are the responsibility of the resident. Should a resident not have access to essential medication the facility may provide the medication and bill the resident. While receiving services under Medicare A or VA contract, medications are included in the rate and not billed to the resident. Residents must use a pharmacy that is available and will deliver 24 hours a day, 7 days a week. (RxCo, Medical Pharmacy, Linson, Moorhead Drug, White Drug) Rosewood requests that medications be packed in the OPUS unit dose system if available.
- **PRIVATE ROOM CHARGES.** A private room will have an additional charge per day in addition to the resident's Case Mix Classification rate. Private room rates are: \$15/day in the Berg Addition, \$10/day for large private, \$5/day for small private. If you have been assigned a private room but want a double room, you will be moved to the first available double room.
- **PROFESSIONAL HAIR CARE** (Non-routine)--billed by the beautician. Non-routine hair care includes permanents, coloring or any other beautician service you request and prefer to have done by the beautician. Prices are posted in the beauty shop area.

ROSEWOOD is certified by Medicare and Medicaid. If you have any questions regarding claims, qualification or other insurance policies, please contact the staff of the business office.

Case Mix Reimbursement

To determine the rate you pay each day, a review of the cares you need is done when you are admitted to **ROSEWOOD**. That information is then transmitted to the ND Department of Human Services. They make the decision which classification and rate applies to your care needs.

These reviews are done within 14 days of your admission to **ROSEWOOD** (more frequently if you are receiving Medicare A benefits) and then every three months after that. A review will also be done within 14 days after a hospital stay and then again every 3 months after that, possibly changing your classification and rate.

At any of the established classification review dates when an assessment is required, classification may change according to any change in your care needs. If therapy starts or ends between required classification dates, you may have a change in your rate.

If you have questions regarding **CASE MIX**, your rate classification or you wish to appeal a decision, contact the staff in the business office.

Room Hold

After admission to **ROSEWOOD**, you may request that your room be reserved during a hospitalization or any other overnight stay away from the facility. However, payment must be made for the room at Rosewood's PA1 rate (Reduced Physical Function) plus any applicable private room charge.

If you receive Medical Assistance, up to 15 days of room hold per hospitalization will be paid for, as well as up to 24 days a year for therapeutic leaves of absence. You may hold your room longer than that, but you will be responsible for payment.

Medicare does not pay for any room hold days if you are gone overnight from **ROSEWOOD**, for any reason. Any days you would want to hold your room would be billed to you at Rosewood's PA1 rate. If you are receiving Medicare A coverage and Medicaid at the same time, Medicaid will not pay for any bed hold days.

Upon hospitalization, **ROSEWOOD** staff will clarify with you your desires regarding holding your room. You will also receive a letter, Notification of Transfer, explaining the bed hold policy and the reason for the transfer. If you have any questions regarding that letter, contact your case manager.

Throughout your stay in the hospital, **ROSEWOOD** staff will maintain contact with you, your family and the hospital staff to assist you with your plans.

Outings and overnight stays are encouraged. Staff are ready to do whatever they can to make these visits safe and easy for you by arranging transportation, assisting with equipment, etc. We ask that before leaving the building for any reason, you sign out with the staff on the unit where you reside, letting them know that you are leaving and approximately when you will return. Let us know how we can help you plan.

If you will be away from **ROSEWOOD** overnight for other than hospitalization, let the nurse know so the proper doctor's orders can be obtained and medication can be sent along with you.

RESIDENT RIGHTS

The rights of every resident are very important to **ROSEWOOD** staff and will be carefully observed. When you enter a long term care facility, you do not give up the legal rights you had while living in the community. State and federal law guarantee you additional rights and responsibilities to assure the care you receive promotes your quality of life with emphasis placed on dignity, choice and self determination.

PRIMARY CARE

Developing and nurturing relationships among residents, families, and staff is part of **ROSEWOOD'S** Values.

All the staff of **ROSEWOOD** are dedicated to serving you. Those staff members that you will be most directly involved with are your resident assistant, nursing services manager, staff nurse, case manager and housekeeper. Through primary care, we provide individualized personal care to you with a team approach. Primary care givers work with the same residents daily to develop comfortable routines and relationships.

Members of your care giving team will be meeting with you to gather background information you want to share that will help us in caring for you. They will seek your guidance on the cares you want and need and assist you in setting up your individual plan of care.

At all times, you can expect to be treated with consideration, respect and full recognition of your dignity and individuality. All cares and treatments will be done in privacy.

Resident Assistants

Your resident assistant is the staff member who helps you with daily care, dressing, grooming and so forth. The resident assistants (R.A.s) are all assigned a primary list of individuals that they take care of every day that they work. You should have the same R.A.s caring for you most of the time.

Your R.A.s will want to know your habits and routines regarding your personal cares. They will discuss with you bathing options, times and other preferences related to your personal care and grooming.

There are R.A.s available to you around the clock and all preferences with your personal care should be discussed with them.

Nursing Services

Your nurse is the staff member who assists you with your medical care while here at **ROSEWOOD**. Your nurse helps to develop and follow up on your medical plan of care with input from you and your doctor.

Your nurse provides periodic assessment and evaluation of your drug therapy, physical and functional needs. Most of the time you will have the same nurse responsible for your care.

The nursing staff consists of a Nursing Services Manager, registered nurses (RNs), licensed practical nurses (LPNs) and clinical support nurses and are supervised by the Director of Nursing. Nurses are staffed seven days a week and 24 hours a day. The Nursing Services Manager will work together with the Staff Nurses to coordinate your medical care.

Case Managers

Your case manager is a member of the Case Management Department. They will work closely with you, your family and other facility staff to coordinate non-medical areas of your care.

Your housekeeper not only will "keep house" for you but also is a source of friendship and support.

This will be delivered to a resident's room. Resident's must be able to eat independently after set-up or have a family member present to assist.

The menus are designed with you in mind. To provide choices, select menus are available at brunch and dinner meals. Resident and family input for meal and snack suggestions is requested at Resident/Family Council each month.

These special diets are as liberalized as possible to allow individual choices and satisfaction. The consulting dietitian and/or dietary coordinator are available to individualize menus to meet your needs and preferences.

Nourishment centers are located on each floor and are stocked with snack items such as juice, milk, ice cream, sherbet, fruit, cheese, crackers, and bread. There is also a toaster, microwave and refrigerator/freezer for you to use. Snacks are available to you at anytime and can be worked into prescribed diets. If you need assistance with your diet or have any food concerns contact any **ROSEWOOD** staff member who can direct you to the appropriate person.

MEDICAL SERVICES

While you are a resident at **ROSEWOOD**, you must remain under the medical care of a physician. This requires that you be seen every month for the first three months after your admission and then every 60 days after that. All of your medications, your diet, treatments and level of activity are provided to you according to your doctor's orders and with your input and involvement.

Not all of the physicians from the area clinics visit each long term care facility. Your nurse can explain to you which physicians make visits at **ROSEWOOD**. You can choose to see the physician who comes from your clinic or you may go to the clinic to see whichever physician you prefer.

Whenever you become ill or need to consult with your physician, your nurse can assist with that contact. Your physician will bill you for services directly.

Management of your pain is important to the staff at **ROSEWOOD**. While you are at **ROSEWOOD** you have the right to be assessed and treated promptly to assure the highest level of pain relief possible. If you feel that your pain is not managed, talk with your nurse for further evaluation. If problems continue with pain management you should talk with your Nursing Service Manager and the Director of Nursing. If the problem with your pain management is that your doctor is not addressing it as you wish, the nurses will assist you with contacting **ROSEWOOD'S** Medical Director for further intervention. Your comfort is important.

MEDICAL APPOINTMENTS

When you have an appointment with your doctor in the clinic, it is best for you if you have a member of your family or a friend accompany you. They are able to offer you support and assist you with decision making, if needed.

If family cannot go and you need someone to go to the clinic with you, your case manager will arrange a volunteer escort and transportation.

ROSEWOOD volunteers are asked not to use their private vehicles to take residents to doctor appointments. They also are not allowed to lift, provide any personal cares, assist with your healthcare decision making or accompany you into the physician's office. They will however, ride with you, escort you to the appropriate place and make sure you return safely.

When you go to your appointment, you will be requested to take a form with you which provides the doctor information on your current medications, treatments, etc. We request that the doctor return this form with you so new orders can be followed up at **ROSEWOOD**. This is an important way of communicating with your doctor and we ask that when you return that you share the information with your nurse.

DENTAL SERVICES

You are encouraged to maintain regular visits to your dentist. Your nurse or case manager can assist you with making these appointments if you wish. Rosewood provides annual dental & oral assessments at no additional charge. These assessments are done at Rosewood. Any recommendations or referrals for further service will be discussed with you.

ROSEWOOD has a dentist who is available for emergency services.

PHARMACY SERVICES

Medications are given only by your doctor's prescription. Over the counter items are included in your room rate. You are responsible for the cost of your prescription medications and all co-pays and deductibles. If your Medicare D drug plan does not cover your medications, you will be responsible for the cost of those medications. If you have both Medicare and Medicaid, you may need to use your personal needs funds if your plan does not cover your medications. If you do not have access to essential medication Rosewood may provide the medication and bill you. While receiving services under Medicare A or a VA contract, medications are included in the rate and not billed to you. You must use a pharmacy that is available and will deliver 24 hours a day, 7 days a week. (Thrifty White, RxCo, Medical Pharmacy, Moorhead Drug) Rosewood requests that medications be packed in the Easy Pak unit dose system if available. Medications from Canadian pharmacies are not accepted at Rosewood.

All medications are stored in a locked room near the staff workstation. Your nurse will assist you with your medication needs. If you are able and prefer, you may administer your own medication. Your nurse will assist you with setting up a self-administration program. A monthly review of all your medications is done by our consultant pharmacist.

REHABILITATIVE SERVICES

To help you attain and maintain your highest level of physical functioning, **ROSEWOOD** works with qualified physical, occupational and speech therapists.

You are evaluated for muscle strength, walking, positioning, arm and shoulder function, dressing and feeding skills. After this evaluation, a program is developed for you according to your need and your doctor's prescription.

Family involvement is important in developing and supporting an appropriate program. Family members are encouraged and welcome to observe treatment and ask questions if you wish. Evaluations for speech therapy are prescribed by your doctor as indicated.

For those people who do not require a direct therapy program, you will receive opportunity for exercise on a daily basis with **ROSEWOOD** staff.

MEDICAL RECORD

In keeping with federal and state licensing regulations, an electronic clinical record will be kept of your cares.

This record, medical and personal, is treated confidentially and you must give permission for anyone other than **ROSEWOOD** staff to see any part of your record.

If you wish to review your record or receive copies of any information it contains you should ask your nurse or case manager who will assist you.

RESTRAINTS

Every resident has the right to be free of any physical restraint or psychoactive drug, administered for the purpose of discipline or convenience and that is not required to treat your medical symptoms.

The use of restraints can increase the incidence of contractures, falls with injury, lead to infections and the development of pressure sores. In addition, some people suffer from confusion, agitation and incontinence while restrained.

The use of restraints undermines a major goal we have which is to maximize independence, functional capacity and the quality of life.

The resident, family, doctor, nurse, case manager and resident assistant must all become involved in determining the need for and alternatives to physical restraints and psychoactive drugs.

We believe that physical and chemical restraints should be utilized only after careful assessment of the resident's total condition and strengths and only after other alternatives have been exhausted.

ADVANCE DIRECTIVES

To preserve the inherent dignity of the human person, promote a person's self-determination (autonomy) regarding health care decisions when they become incapacitated and to preserve a person's right to accept medical treatment or to refuse treatment that has become too burdensome and/or is no longer a benefit Rosewood has the following policy regarding Advance Directives/Healthcare Directives.

POLICY

Every competent adult has the right and responsibility to make the decisions relating to their own health care, including the decision to have health care provided, withheld or withdrawn and/or to make an organ/tissue donation at the time of death. Rosewood will provide information to all adult residents upon admission regarding these rights.

Rosewood does not condone, authorize, approve or participate in mercy killing (euthanasia) or permit an affirmative or deliberate act or omission to end life, other than to allow the natural process of dying.

Rosewood will follow the Advance Directive policy within the laws of North Dakota (*ND Century Code 23-06.5*) and the *Ethical and Religious Directives for Catholic Health Care Services*. This means that Rosewood may refuse to comply with a resident's wishes with respect to the withholding or withdrawal of nutrition and hydration or the extent to which a resident request may involve the intentional or apparent hastening of death other than by way of the natural process of dying.

Residents may inform Rosewood of their wishes via an Advance Directive/Healthcare Directive or by indicating a Code Level, directing staff as to what actions to take should the resident experience a cardiac and/or respiratory arrest. If a Code Level and/or Advance Directive decision is not made by the resident or their agent, the resident will automatically be considered a Full Code until otherwise indicated by the appropriate individual(s).

Rosewood will not discriminate against a resident based on whether or not the individual has issued an Advance Directive.

Withholding and withdrawing treatments, nutrition and/or hydration according to the resident/agent wishes with the practitioner's consent will be honored by this facility within the guidance of the *Ethical and Religious Directives for Catholic Health Care Services* pertaining to end of life decisions.

If Rosewood has a conflict with a specific resident Advance Directive, Rosewood will inform the resident and/or their agent and take all reasonable steps to transfer the resident to another health care practitioner or facility who will comply with the

individual's wishes and specified directive (NDCC § 23-06.5-09 (2)).

Rosewood will make available information concerning how residents and/or their agent may contact the State Certification and Survey Agency with appropriate contact information and phone numbers.

An Advance Directive/Healthcare Directive may be revoked or changed at any time and in any manner by the resident or their agent (if resident is unable). If the change or revocation is made verbally, every attempt will be made to obtain a signed, dated, written revocation or change on the current Advance Directive. If it is not possible to obtain written change or revocation, the patient/resident/agent verbal change or revocation will be witnessed by a health care provider and documented in the resident's medical record.

TRANSFER AND DISCHARGE

Whether to be transferred to the hospital or not is a joint decision between you, your family, **ROSEWOOD** staff and your doctor. If it is decided it is necessary for you to be hospitalized, a doctor's order is required. See also Room Hold on page 7.

There may be times when you would request a transfer to another room. You should talk with your nurse, case manager or resident assistant if you want another room. As rooms become available you will then be given the opportunity to accept or reject that room.

Your care givers will work with you on your discharge plans and assist you as needed. Before discharge, your doctor will be contacted for an order for discharge, appropriate services and medications.

If you are planning to leave talk with your nurse or case manager early on, so they can assist you in a smooth transfer.

You have the right to know if you are going to be transferred or discharged from the facility and to receive a written notice (See Resident Rights pages 15-17).

You may be discharged only for the following reasons:

--your doctor documents your medical needs cannot be met by the facility or that your health has improved so you no longer need the facility's services;

- your health or safety, or the health or safety of other residents is endangered;
- non-payment of your bill; which could involve Medicare or Medicaid denying your claim and your refusing to pay for your stay; or
- the facility closes.

VOLUNTEERS

Volunteers play an important role at **ROSEWOOD**. They are able to enhance the work that is done by the staff. Some of the duties include, medical escorts, mail delivery and hair care.

Residents are encouraged to volunteer and participate in the life of Rosewood. Talk to your case manager if you are interested.

Volunteers at **ROSEWOOD** can also become involved in the activities of the Auxiliary if they wish. The Auxiliary meets monthly and is actively responsive to the needs and interests of **ROSEWOOD**.

Each time you visit a hospital, doctor or other healthcare provider, a record of your visit is made. We need this record to provide you with quality care and to comply with certain legal requirements. Typically, this record contains your symptoms, examination and test results, diagnoses, treatment and plan for future care or treatment. This information, often referred to as your health record or medical record, serves as a:

- Legal document describing the care you received
- Means by which you or a third party payer can verify that services billed were actually provided

Understanding what is in your record and how your health information is used helps you to:
